Mole Drainer for Tractor Haulage, J. and F. Howard, Ltd., 10
Motor, Portable Electric Farm, General Electric Company, Ltd., 84
Mowing Machine with Automatic Lubrication, Bamfords, Ltd., 85
Mowing Machine with Forced Lubrication, Harrison, McGregor and Co., Ltd., 85

N

NUT Forging Machine, H. Maplethorpe, 515

O

OXY-ACETYLENE Cutting Machine, British Oxygen Company, Ltd., 56

P

PAINT Spraying Plant, Delco-Remy and Hyatt, Ltd., 684
Paper Mills, Steam Plant at Gatineau, 270, 274
Pipe Plant, Sand Spun, Staveley Coal and Iron Company, Ltd., 322, 324
Pneumatic-tired Rail Coach, Michelin, 243
Pontoon Roofs for Oil Tanks, The Wiggins, 229
Powdered Coal Plant for Spain, Duffield Coal Products, Ltd., 634
Press, Humphris Toggle, Mass Products, Ltd., 632
Press, Hydraulic Straightening, Hollings and Guest, Ltd., 390

PUMPS:
Pump, Air-driven Centifugal, Atlas Diesel Company, Ltd., 549
Pump, Electrically Driven Vertical Spindle Centrifugal Marine Type, Tangyes Ltd., 566
Pump, Electrically Operated Farm, J. Harrison and Co. (Liverpool), Ltd., 179
Pump for Corrosive Liquids, Air-operated, Tungstone Company, 65
Pump Gear, D. Brown and Sons, Ltd., 252
Pump, 6000-Gallon Diaphragm, Ruston and Hornsby, Ltd., 34
Pump, Stationery Fire, Merryweather and Sons, Ltd., 102
Pump, Twin 3in. Diaphragm, Winget, Ltd., 564
Pumps, High-pressure Feed, at Bradford, Mather and Platt, Ltd., 442

R

RAILWAYS:
Automatic Train Control on Southern Railway, Strowger-Hudd System, 332
Fatal Derailment at Leighton Buzzard, 38
Oil-electric Railway Coach, 250 B.H.P., Sir W. G. Armstrong, Whitworth and Co. (Engineers), Ltd., 658
Rail Coach, Michelin Pneumatic-tired, 243
Rail Coach for Argentine Transandine Railway, Hardy Motors, Ltd., 116
Rail Coach for Bermuda Railway, Drewry Car Company, Ltd., 320, 359
Railway, Trans-Saharan, 484
Repairing All-metal Railway Coaches by Welding, A. J. T. Eyles, 168
Steel Railway Sleepers, Manufacture and Use of, Raymond Carpmael, 644, 645, 671; (Leader), 653
Steel Sleepers, "Unit," Ebbw Vale Steel, Iron and Coal Company, Ltd., 570
Train Load, An Interesting, 417
Trans-Saharan Railway, 484
Wagon for Transporting Locomotives, L.M. and S. Railway Company, 47
"Whitewash" Coach on Great Western Railway, 101
REFRIGERATING Plant on Steam Lorry, "Sentinel" Waggon Works, Ltd., 18
Reservoir, The Silent Valley, 118
Retaining Walls of Concrete Crib Work at Hoboken, 482
Road, The Liverpool-East Lancashire, 2, 12

ROLLERS:
Roller, Light Oil Engine-driven, Ruston and Hornsby, Ltd., 511, 518
Roller, Light Petrol, Barford and Perkins, Ltd., 56
Roller, Steam Road, Marshall, Sons and Co., Ltd., 512, 518
Roller, Waveless Road, Arnold Waveless Road Roller Company, Ltd., 549, 550
Roller, 2½-ton, Petrol, Barford and Perkins, Ltd., 56
Roller, 8-ton Motor, Barford and Perkins, Ltd., 512, 518
Roller, 14-ton Oil Engine-driven, Aveling and Porter, Ltd., 512, 518

S

SAWING Machines, Governor Feed for, E. G. Herbert, Ltd., 470
Screen, Gravel, Pegson, Ltd., 565
Screen, "Live Wire," Pegson, Ltd., 565
Scientific Instruments—*see Miscellaneous Articles*
Screen, Roller Bar, Ross Patents, Ltd., 549

SHIPS AND SHIPPING:
Electrically Propelled Liner, "Monarch of Bermuda," 507, 572, 576, 577, 592, 593
Ship Resistance, Laws of, G. S. Baker, 534, 562, 588, 614, 642, 668
Sidelight for Ships, New Type of Pivoted, J. Stone and Co., Ltd., 48
Submarine Oil Engines, Welded Steel Columns for, Steel Barrel Company, Ltd., 350
Trawler, Exhaust Steam Turbine Drive for, Wm. Beardmore and Co., Ltd., 446
SIEVES, Testing Machine for, Mining and Industrial Equipment, Ltd., 514
Silica Gel Transformer Breather, Silica Gel, Ltd., 418
Smoke Meter Indicators, Elliott Brothers (London), Ltd., 63, 64
Smoke Pollution of City Air, An Instrument for Measuring Degree of, C. F. Casella and Co., Ltd., 7
Steam Plant at Gatineau Paper Mills, 270, 274
Stoker, Chain Grate, on Yarrow Boiler at Bankside Power Station, Ed. Bennis and Co., Ltd., 44
Stowing Jet "Meco," Mining Engineering Co., Ltd., 387
Survey of River Tees, 407

T

TECHNICAL Psychology, R. A. Bell, 187; (Leader), 197
Tees, Survey of River, 407
Tenoning Machine, Motor-driven, Thos. Robinson and Sons, Ltd., 554, 555
Testing Machine for 11in. Wire Ropes, W. and T. Avery, Ltd., 302
Testing Machine for Sieves, Mining and Industrial Equipment, Ltd., 514
Testing Plant for Aero-engines, Heenan and Froude, Ltd., 177
Tidal Thames, 494, 520
Tools, Tungsten Carbide, Alfred Herbert, Ltd., 598, 603
Traction Engine, Single-cylinder Steam, Fosters, 31
Tractor, 15–30 B.H.P. Oil Engine-driven, Marshall, Sons and Co., Ltd., 512
Tractor, Four-wheel Driven Petrol, Massey Harris Company, Ltd., 57
Traffic Control Signal Apparatus, Automatic Telephone Manufacturing Company, Ltd., 566
Troughing for Conveyors, Mavor and Coulson, Ltd., 386
Tunbridge Wells, Electrical Installations at, English Electric Company, Ltd., 660
Turbine, 20,000 kW Duplex Exhaust Steam, C. A. Parsons and Co., Ltd., 464, 468

V

VALVE, Double-exhaust Piston, London, Midland and Scottish Railway, 101
Valve, Transmitting, Metropolitan-Vickers Electrical Company, Ltd., 329
Vibration and its Isolation, Cambridge Instrument Company, 418
Visit to Heaton Works of C. A. Parsons and Co., Ltd., 542, 546
Visit to Rugby Works of British Thomson-Houston Company, Ltd., 36

W

WAREHOUSE, Moving an Engineer's Supply, C. Churchill and Co., Ltd., 268
Water, Flowing, 3, 481, 508
Water Main Carried Across Bascule Bridge at Bangkok, 244
Water Softening Plant at Newton-le-Willows, T. Roland Wollaston, 471
Water Supply for Durban, 674
Waterworks Extension at Llanelly, 403
Waterworks Extensions at Shanghai, H. Stringer, 648, 652, 669
Weighing Machine, Portable Locomotive, Transport Engineering and Equipment Company, 660
Welded Steel Columns for Submarine Oil Engines, Steel Barrel Company, Ltd., 350
Wire Ropes, Testing Machine for, W. and T. Avery, Ltd., 302
Worm Gearing and Some of its Applications, B. J. Shillito, 615

Z

ZINC Recovery and Fertiliser Plants in British Columbia, 60, 68

Supplements.

BUENOS Aires and Pacific Railway, Three-cylinder Tank Engine, Robert Stephenson and Co., Ltd. (Two-page Supplement, December 4th, 1931)
Coal-handling Plant near Shanghai for the Kailan Mining Administration, Mitchell Conveyor and Transporter Company, Ltd. (Two-page Supplement, July 24th, 1931)
Kearsley Power Station, Lancashire Electric Power Company (Two-page Supplement, July 31st, 1931; Two-page Supplement, August 7th, 1931)
Shipping, Engineering and Machinery Exhibition at Olympia (Sixteen-page Supplement and One Four-page Plate, September 11th, 1931)
THE METALLURGIST (Sixteen-page Supplement, July 31st, 1931; August 28th, 1931; September 25th, 1931; October 30th, 1931; November 27th, 1931; December 25th, 1931)

The Shipping, Engineering and Machinery Exhibition at Olympia.

Names of Exhibitors.

A

AEROSTYLE, Ltd., *Suppt.*, 11.9.31, vii
Ailsa Craig Motor Company, Ltd., 263
Alfa-Laval Company, Ltd., 376, 380
Armstrong, Whitworth and Co. (Engineers), Ltd., Sir W. G., 289, 296
Aster, Ltd., 345, 352
Auto-Klean Strainers, Ltd., *Suppt.*, 11.9.31, ii
Aveling and Porter, Ltd., 341, 352

B

BABCOCK and Wilcox, Ltd., 314
Barr and Stroud, Ltd., 318
Batteries, Ltd., 285
Beardmore, William, and Co., Ltd., *Suppt.*, 11.9.31, xiv
Benes, Ltd., 316
Bennis, Edward, and Co., Ltd., 262
Black and Decker, Ltd., 288
Blackstone and Co., Ltd., 345, 352
British Insulated Cables, Ltd., *Suppt.*, 11.9.31, i
British Oxygen Company, Ltd., 287
British Quadruplex, Ltd., 286
British Separators, Ltd., 274
British Thomson-Houston Company, Ltd., 287
Brookhirst Switchgear, Ltd., *Suppt.*, 11.9.31, x
Broom and Wade, Ltd., 260

C

CHANCE Brothers and Co., Ltd., 344
Chloride Electric Storage Company, Ltd., 286
Consolidated Pneumatic Tool Company, Ltd., 373, 380
Crossley Brothers, Ltd., *Suppt.*, 11.9.31, xiii

D

DAVEY, Paxman and Co., Ltd., 288, 296
Dominion Machinery Company, Ltd., 312
Dorman, W. H., and Co., Ltd., *Suppt.*, 11.9.31, iii
D.P. Battery Company, Ltd., 264
Drawing-office Material Manufacturers' and Dealers' Association, 376

E

EDWARDS, F. J., Ltd., 314
Electric Submerged Log Company, 378
Elliott Brothers (London), Ltd., *Suppt.*, 11.9.31, viii
Equipment and Engineering Company, Ltd., *Suppt.*, 11.9.31, iv
Evershed and Vignoles, Ltd., *Suppt.*, 11.9.31, xvi

WAILES Dove Bitumastic, Ltd., *Suppt.*, 11.9.31, x
Warlow, Maurice and Co., 343
Wild-Barfield Electric Furnaces, Ltd., 286

OTHER EXHIBITORS:

Aeroto Ltd., Fan Installations, Aeroto High-Efficiency Streamlined Screw Type, 378
Atalanta Ltd., Small Tools, Household Fixtures, 378
Atlantic Engine Company, Ltd., Oil Engines, 70 B.H.P., Petrol-paraffin Engines, 378
Bakelite Ltd., Fittings and Furniture in Bakelite, Bakelite Marine Varnish, 378
Boltons Superheater and Pipeworks, Ltd., Separators, Steam Purifiers and Superheaters, 378

OTHER EXHIBITORS (*continued*):

British Piston Ring Company, Ltd., Centrifugal Castings, Piston Rings, 378
Carron Company, Cooking Apparatus, 378
Clews Peterson Piston Ring and Engineering Company, Ltd., "Clupet" Double-Coil, No-gap Piston Rings, 378
Diskon Gear Ltd., Variable Speed Gear, 378
Firth, Thos., and John Brown, Ltd., Staybrite Stainless Steel, 378
Green, E., and Son, Ltd., Economisers, Green and Foster Types, 378
Grimston, Pritchard and Plutte, Ltd., Electric Drills, Filing Machines, Grinders, Wire-straightening and Cutting Machines, 378
Jones, Sidney G., Ltd., Gear Hobbing Machines, "Mikron" Lathes, Milling, Grinding and Drilling Machines, 378
Owens Boiler Circulator, Ltd., Boiler Circulator, 378
Parsons Marine Steam Turbine Company Ltd., Model of "Turbinia." Various Models of Manufactures, 378
Ross, Courtney and Co., Ltd., Turned and Pressed Metal Parts, 378
Sheepbridge Stokes Centrifugal Castings Company, Ltd., Centrifugal Castings, Nitralloy Cast Iron, 378
Thornycroft, J. I., and Co., Ltd., Marine Engines, Internal Combustion, Models of Warcraft, 378
Transporting Machinery and Engineering Company, Ltd., Mechanical Handling and Labour-saving Equipment, Conveyors and Ropeways, 378
Turnbull, Alex., and Co., Ltd., Valves, 378
Universal System of Machine Moulding and Machinery Company, Ltd., Lifting Tackle, 378
Victory Valves, Ltd., Valves, 378
Vokes, C. G., Ltd., "Protectometer" Air Intake Filters, Oil Filters, Air Cleaners, Paint-spraying Point Filters, 378
Walker, James, and Co., Ltd., "Lion" Packing, "Walkerite" Jointing, 378
Widdop, H., and Co., Ltd., Oil Engines, 378
Yorkshire Copper Works, Ltd., Condenser and other Tubes in Various Alloys, 378

Exhibits.

A

AIR Filter, Ozonair Self-cleaning, 343
Alloys, Anti-friction, Fry's Metal Foundries, Ltd., 285
Anti-corrosive Compound, "Bitudenas," Wailes Dove Bitumastic, Ltd., *Suppt.*, 11.9.31, xi
Anti-corrosive Solutions, Wailes Dove Bitumastic, Ltd., *Suppt.*, 11.9.31, x

B

BAR Machine, Automatic Multi-spindle (Cleveland), Selson Engineering Company, Ltd., *Suppt.*, 11.9.31, viii
Blower, Electric, Martindale Electric Company, Ltd., *Suppt.*, 11.9.31, vi
Blue Print Paper, Apparatus for Sensitising, Precision Photo Printing Plant, Ltd., 344
Boiler, Grate for Lancashire Turbine Furnace Company, Ltd., 376
Boiler, High-duty Oil-fired Spencer-Hopwood, Sir W. G. Armstrong, Whitworth and Co., Ltd., 289
Boilers, Express Type Marine, Babcock and Wilcox, Ltd., 314, 315
Brakes, Motor and Solenoid-operated, Igranic Electric Company, Ltd., *Suppt.*, 11.9.31, iv, v
Brine Cooler, Type Shell and Tube, Model, L. Sterne and Co., Ltd., *Suppt.*, 11.9.31, vi
Buffer, Selective-speed Independent-spindle, Black and Decker, Ltd., 288

C

CASTINGS, Yellow Metal, Fry's Metal Foundries, Ltd., 285
Centrifuge, Sharples Bulk, Super-Centrifugal Engineers, Ltd., 373
Circulator, Hotchkiss Water, 343
Commutator Grinding Tool, Martindale Electric Company, Ltd., *Suppt.*, 11.9.31, vi
Commutator Stone for Grinding Commutators, Martindale Electric Company, Ltd., *Suppt.*, 11.9.31, vi

Compressors:

Air Compressor, Low-pressure, Lacy-Hulbert and Co., Ltd., 372, 373
Air Compressor, Portable Oil Engine Driven, Broom and Wade, Ltd., 260
Air Compressor Set, Lacy-Hulbert and Co., Ltd., 372
Air Compressor Set, Two-stage, Rotary Air Compressor Company, Ltd., 377
Air Compressor Set, 8 B.H.P. Compression-ignition, Engine Driven, Petters, Ltd., 342
Ammonia Compressor, High-speed, J. and E. Hall, Ltd., *Suppt.*, 11.9.31, xii
Ammonia Compressor, Motor-driven Two-cylinder, L. Sterne and Co., Ltd., *Suppt.*, 11.9.31, vi

Compressors (*continued*):

Ammonia Compressor, Single-cylinder, High-speed Vertical, 378
CO_2 Compressor, Steam-driven L. Sterne and Co., Ltd., *Suppt.*, 11.9.31, vi
CO_2 Compressor, Twin-cylinder Vertical, J. and E. Hall, Ltd., *Suppt.*, 11.9.31, xii
CO_2 Compressor, Vertical Enclosed Type, Three-cylinder, Single-acting, L. Sterne and Co., Ltd., *Suppt.*, 11.9.31, vi
Compressor, Portable Air, Bernard Holland and Co., 318
Compressor, Three-cylinder, Water-cooled, methyl-chloride, J. and E. Hall, Ltd., *Suppt.*, 11.9.31, xii
Compressor, Steam-driven CO_2, Liverpool Refrigeration Company, Ltd., 377, 380
Compressor, Two-stage Rotary, Bernard Holland and Co., 318
Compressors, Air, Hand and Motor-operated, Reavell and Co., Ltd., 313
Compressor Set, Electrically Driven Portable, Lacy-Hulbert and Co. Ltd., 371, 380

COTTON Mill Geared Turbine Plant, Model of, C. A. Parsons and Co., Ltd., 262
Cutting Machine, Straight-line, Hancock and Co., Ltd., 312

D

DEPTH-SOUNDING Apparatus, Submarine Signal Company, 261
Desiccator, Portable Petrol Engine Driven, Lacy-Hulbert and Co., Ltd., 372
Drawing-office Equipment, Drawing-office Material Manufacturers' and Dealers' Association, 376
Drill, "Elmo" Portable Electric, Siemens-Schuckert (Great Britain), Ltd., 290
Drilling Machine, Radial, United Machine Tool Company, Ltd., *Suppt.*, 11.9.31, iv
Drilling Machine with Hydraulic Feed Column, United Machine Tool Company, Ltd., *Suppt.*, 11.9.31, iv
Drills, Twist, 342

LETTERS FROM OUR OWN CORRESPONDENTS:
Weekly

LETTERS TO THE EDITOR:
Basic Bessemer Steel, Vernon Harbord, 17
Boiler Tube Expansion, Fumaroble, 489
Boiler Incrustation, James Tobin, 541
Coal Transport Conditions, Philip Gee, 265
Combustion, Nature of, E. W. C. Wilkins, 265
Concrete, J. C. G. Mules, 516
Credits and Industry, C. H. Douglas, 65
"Diesel-electric" Railway Traction, Commercial Fallacy of, W. P. Durtnall, 217; C. M. Beckett, 252
Efficiency of Kearsley, R. H. Dibb, 193; W. Ross, 217; K. W. H., 252
Efficiency of Steam Nozzles, H. M. Martin, 88, 123
Frictionless Unlock, H. R. Kempe, 294; R. Stanley Lewis, 408
Grampian Power Scheme, E. Bruce Ball, jun., 350
In the Hands of the Bank, T. H. Silk, 174
Industrial Peace, V. A. Malcolmson, 490
Inside Walschaerts Valve Gear, C. F. Dendy Marshall, 632
Lewin Locomotives, Salt Union, Ltd., 38; G. Geo. Woodcock, 65
Line and Angle Bisector, H. R. Kempe, 123
Locomotive Testing, W. A. Tuplin, 123
Locomotive Testing Plant, H. A. B., 88; G.W.R. Driver, 139
London's Underground Water, James Romanes, 65
Low-temperature Carbonisation, Robert Maclaurin, 216
Main Line Electrification, M.I.C.E., M.I.E.E., 265; J. G. H. Warren, 265
Modern Concrete, Concrete, 462; A. C. Vivian, 490
Murdock Letters, R. Barclay Murdock, 139
Privately Owned Wagons, E. R. B. Roberts, 88; E. T. Good, 138
Problem of Waste, John L. Hodgson, 349
Problems of Electricity Supply, William P. Durtnall, 17
Profit Sharing in 1930, E. W. Mundy, 175
Rail Rates Handicap on Steel, 18

RAILWAYS AND RAILWAY MATTERS:

General Matters:

Automatic Train Control on the Southern Railway, Strowger-Hudd System, 332
International Railway Congress at Cairo, 1933, 350
Leighton Buzzard Fatal Derailment, 38
Locomotive Experimental Stations, 62; (Leader), 69
Locomotive Testing Plants, 69
London Underground Railways, Automatically Controlled Rectifier at Hendon, B.T.H. Company, Ltd., 19
Manufacture and Use of Steel Railway Sleepers, Raymond Carpmael, 644, 645; (Leader), 653
Oil-electric Railway Coach, 250 B.H.P., 658
Pneumatic-tired Rail Coaches, The Michelin, 243
Rail Durability, 659
Railway Accidents, 298
Railway Coach, Oil-electric, 250 B.H.P., 658
Rail Coaches with Pneumatic Tires, 243
Railway Passenger Traffic, Use of Self-propelling Vehicles for, F. W. Green, 676
Railway Rates Tribunal, Retirements and Appointments, 525
Railways and Oil-electric Locomotives, 402

RAILWAYS AND RAILWAY MATTERS (*continued*):

General Matters (*continued*):

Repairing All-metal Railway Coaches by Welding, A. J. T. Eyles, 168
Steel Railway Sleepers, Manufacture and Use of, Raymond Carpmael, 644, 645; (Leader), 653
Train Load, An Interesting, 417
Wagon for Transporting Locomotives, L.M.S. Railway, E. J. H. Lemon, 47
"Whitewash" Coach, G.W. Railway, 101

British Colonial and Indian:

Canadian National Railway Ten-year Record, 179
Lobito Bay Railway, 118
Ontario's Northern Railway, 673
Rail Coach for Bermuda Railway, Petro Engine-driven, Drewry Car Company, Ltd., 320, 359
Rail Production in Canada, Process for, 673
Rails on Main Line Railways in South Africa, Heavier, 89
Railway Fuel, Alberta Oil for, 673
South African Railways, State Saloon for Governor-General, 18

Foreign:

American Permanent Way Developments, 202
Argentine Transandine Railway Rail Coach, 116
Chicago's Underground Railway, 66
French Summer Train Services, 45
Oil-electric Railway Motor Car on Erie Railroad, 220
Rail Coach for Argentine Transandine Railway, Hardy Motors, Ltd., 116
Railway Organisation in France, 341
Stockholm Malmo Railway and Branch Lines, Proposed Electrification of, 417
Trans-Saharan Railway, 139

RAILWAY LOCOMOTIVES:

General Matters:

Locomotive Experimental Stations, H. N. Gresley, 72
Locomotive Testing Plants, 69
Locomotive Weighing Machine, Portable, 660
Oil-electric Locomotives, Railways and, 402
Geared Locomotives, 494

British Colonial and Indian:

Internal Combustion Shunting Locomotive, 390
Locomotive Boiler Washing Plant at Stratford, 553
Geared Articulated Locomotives for Narrow-gauge Lines, Avonside Engine Company, Ltd., 496
Locomotive, Internal Combustion Shunting, 390
Locomotive, 10 H.P. Oil Engine-driven, Ruston and Hornsby, Ltd., 511, 512
Locomotives, Wagon for Transporting, L.M. and S. Railway, E. J. H. Lemon, 47
L. and N.E. Railway Tank Engine Conversion, 178
Tank Engine Conversion on L. and N.E. Railway, 178

Foreign:

American Locomotives of 280 Tons Weight, 89
Buenos Aires and Pacific Railway, Three-cylinder Tank Engines for, R. Stephenson and Co., Ltd., 601 (*Two-page Supplement, December 4th*, 1931)
Electric Locomotive, 3600 H.P., for Spain, 419
Locomotive Developments in France, 611
Oil-electric Locomotives for Siam, Sulzer Brothers, 151

REFRIGERATING Machines, "Hallmark" Automatic, J. and E. Hall, Ltd., 84
Refrigerating Plant on Steam Lorry, Sentinel Waggon Works, Ltd., 18
Research into Management Problems, Aims, Methods and Progress into, 354
Reservoir, Silent Valley, 118
Road, The Liverpool-East Lancashire, 2, 12
Road-making Machinery in France, 525
Roads, Concreto, Machine for Drilling Cores from, Holman Brothers, Ltd., 178
Roads and Highway Traffic, Canadian, 404
Roll Heating in South Wales, 468
Roller, Light Oil Engine-driven, Ruston and Hornsby, Ltd., 511, 518
Roller, Light Petrol, Barford and Perkins, Ltd., 56
Roller, Steam Road, Marshall, Sons and Co., Ltd., 512, 518
Roller, Steam Road, Overhauled and Modernised, J. Allen and Sons, Ltd., 566
Roller, Waveless Road, Arnold Waveless Road Roller Company, Ltd., 549, 550
Roller, 2½-Ton Petrol, Barford and Perkins, Ltd., 56
Roller, 8-Ton Motor, Barford and Perkins, Ltd., 512, 518
Roller, 14-Ton Oil Engine-driven, Aveling and Porter, Ltd., 512, 518
Roofs for Oil Tanks, Pontoon, "The Wiggins," 229
Russia, Textile Machine Construction in, 629

S

SALARIES, 271
Salesmanship, Education for, 137; (Leader, 146)
Sand Spun Pipe Plant at Staveley, 322, 324
Satora, Dip.-Engineer F., End of Greatest Patent Conflict, 389
Sawing Machine, Governor Feed for, 470
Scientific and Technological History, The Value of, Presidential Address by Dr. Charles Singer before Second International Congress of History of Science and Technology, 14

SCIENTIFIC INSTRUMENTS:

Automatic Regulator, Isenthal and Co., Ltd., 203
Chinese Seismoscope, 112
Gradiometer, Gravity, Cambridge Instrument Company, Ltd., 141, 142

SCIENTIFIC INSTRUMENTS (*continued*):
Gradiometer, Magnetic, 385
Instrument for Measuring Degree of Smoke Pollution of City Air, C. F. Casella and Co., Ltd., 7
Kinetic Elutriator, Mining and Industrial Equipment, Ltd., 514
Megger Earth Tester, Evershed and Vignoles, 162
Meter, Wet Gas, W. C. Holmes and Co., Ltd., 64
Seismograph, Cambridge Instrument Company, 201
Seismograph, Microid Vertical, Griffin and Tatlock, 200
Smoke Density Meter, Elliott Brothers (London), Ltd., 63, 64
Torsion Balance, Eotvos, 140
Torsion Balance, Eotvos-Rybar, Ferdinand Süss, 140, 141
Torsion Balance, Eotvos-Schweydar, Askania-Werke A.G., 140, 142
Variometer, British Magnetic, 385
Variometer, Horizontal Force, Askania-Werke A.G., 113
Variometer, Vertical Force, E. R. Watts and Son, Ltd., 113

Screen, Gravel, Pegson, Ltd., 565
Screen, "Live Wire," Pegson, Ltd., 565
Screen, Roller Bar, Ross Patents, Ltd., 549
Screw Propeller, Centenary Celebrations, 257
Self-propelling Vehicles for Railway Passenger Traffic, F. W. Green, 676
Separator, Continuous Self-discharging Centrifugal, T. Broadbent and Sons, Ltd., 63
Sewage Project for Toronto, 205
Shanghai Waterworks Extensions, 648, 652, 669

SHIPS AND SHIPBUILDING:
General Matters:
American Shipping Merger, 453
Compagnie Générale Transatlantique, 27, 311
Costs in Shipbuilding Industry, 109
Cunard Liner, Work Suspended on, 641, 653, 667
Draught and Dimensions of Most Economical Ships, 5
Effect of Modern Machinery on Design of Large Ships, 57
Effect of Rough Water on Propulsion of Single-screw Ships, 30
French Shipbuilding, 1
Future of Steam at Sea, 172
Harland and Wolff, Ltd., 1
Laws of Ship Resistance, G. S. Baker, 534, 562, 588, 614, 642, 668

Shipbuilding and Steel Prices, 235
Shipbuilding Industry, Costs in, 211
Shipping and Shipbuilding, 425
Shipbuilding Returns for Quarter Ending June, 1930, Lloyd's Register of Shipping, 76
Shipbuilding Returns, Lloyd's Register Quarterly, 408
Southampton's Dock Extension, Progress of, 507
Steel Castings for Cunarder Liner, 311
Ship Resistance, Laws of, G. S. Baker, 534, 562, 588, 614, 642, 668
Suez Canal Dues, Reduction in, 507
Trial Results of Exhaust Turbine Installation of s.s. "Kingswood," 127
Turbine Exhaust, Installation of s.s. "Kingswood," Trial Results, 127
Wages in Shipbuilding Industry, 339
Wreck Statistics for 1930, Lloyd's Register of, 127

Naval Matters:
Cruisers Laid Down, 339
"Kempenfelt," Launch of Destroyer Flotilla Leader, 479
Launch of Destroyers, 339
Naval Construction, Contemporary, 29

SHIPS AND SHIPBUILDING (*continued*):
Naval Matters (*continued*):
Refloating H.M. Battleship "Emperor of India," 185
Yugoslavian Flotilla Leader Launched, 397

Liners and Miscellaneous Vessels:
"Aquitania's" Record "Turn Round," 425
"British Exhibitor," The, 27, 109, 211
Electrically Propelled Liner "Monarch of Bermuda," 507, 572, 576, 577, 592, 593
Ferry Steamer for Wallasey, 27
French Atlantic Liner "Super Ile-de-France," 367, 667
"Imperial Tanker," Clyde-built Oil Tanker, 283
"Georgic," Launch of White Star Liner, 533
"Isle of Sark," Launch of, 533
Italian Liners, "Rex," 109; "Conte di Savoia," 453
Italian Motor Liner "Victoria," 27
Liner "Bermuda" Destroyed by Fire, 561
"Miss England the Third," 613, 667
Oil-engined Tug for Carrying Cement, 490
P. and O. Liner "Carthage," 587
P. and O. Liner "Corfu," Trials of, 339
P. and O. Liner "Strathnaver," 259
Salving the P. and O. Liner "Egypt," 211
Thames Pleasure Steamer, 55
Trawler, Exhaust Steam Turbine Drive for, Beardmore and Co., Ltd., 446
Tug, Heavy Oil Engined, 490
Turbo-electric Liner "Straithaird," Launched at Barrow, 83
Turbo Electrically Propelled Liner "President Hoover," 159
Twin-screw Motor Vessel "Polyphemus," Report of Marine Oil Engine Trials Committee to Institution of Mechanical Engineers, 566; (Leader), 574
Two British Liners to be Broken Up, 397

SHOVEL, Mechanical for Loading Vehicles, T. Coleman and Sons, Ltd., 566
Sieves, Testing Machine for, Mining and Industrial Equipment, Ltd., 514
Silica Gel Transformer Breather, 418
Silica Gel and its Uses, 63
Silver and Mercury, Constitution of Alloys of, 358
Sixty Years Ago, 18, 47, 66, 101, 123, 139, 176, 202, 217, 243, 277, 294, 322, 355, 388, 408, 445, 458, 485, 516, 553, 570, 595, 629, 647, 673

ABANDONED Welland Canal to be Filled in, 379
Accidents in Mineral Industries of United States, 571
Acetylene Generator, Explosion of, 195
Aerial Cableways for Transportation of Sightseers, 351

AERONAUTICS:

Aerial Beacon on Ryland's Building, Manchester, 517
Aerial Survey of Upper Nile Valley, 517
Aerodrome and Aeroplane Producing Centre at Ford, near Arundel, 409
Aeronautical Instrument Testing at Physical Testing Laboratory of Topographical Survey, Over Five Hundred Instruments Examined During 1930, 11
Aeroplane Construction from Sitka Spruce, A Valuable Wood, 11
Aeroplane to Cover Distance, Amsterdam and Batavia in Three Days, 625
Aeroplane without Tail, Designed by Captain Koehl, 323
Aeroplanes Used for Patrolling Transmission Line Right-of-way, 409
Air Flight from Heston to Johannesburg in Ten Days, Lieut. Byas', 323
Air Mail Traffic Between London and Cape Town, 517
Air Photography of Canada, 463
Air Port for Paris may be Moved from Le Bourget to Saint-Cyr, 379
Air Ports and Landing Fields in United States, 169
Air Race to Replace Schneider Trophy, Proposed, 571
Airship "Akron" Carries 207 Persons in One Trip, 517
Airship Hangar Built at Sunnyside, California for United States Navy, 169
Airships, Leakage of Outside Air into Gasbags of, 189
Altitude Indicator, 269
Aviation Beacon Erected at Victoria, British Columbia, 119
Belgian Air Lines Services During 1930, 114

AERONAUTICS (*continued*):

College of Aeronautical Engineering, The First in the World, 323
Eight Armstrong-Whitworth Monoplanes for Imperial Airways, 437
Flight from Ottawa to Mexico City by Major J. Doolittle, 437
Flying Boat "Saro 7," Flight to Port Sudan and Back, 409
Flying in the Antarctic, Warming up Engines when, 651
Guiding Sign for Airmen to be Laid Down at Norwich, 269
Haifa Port to Help Imperial Airways to Introduce Faster Winter Air Service, 269
Heston Air Port, Customs Facilities at Heston, 245
Lighthouse for Marine and Aerial Traffic to be Constructed at San Domingo in Honour of Columbus, 437
Mooring Mast, Portable, for Airships at Akron, Ohio, 143
Petrol Tanks of Aircraft, Lining, 269
Public Schools Lectures in Aeronautics, 541
Royal Air Force and Vacancies for Permanent Commissions in Stores Branch, 51
Seadrome to be Constructed in America next Spring, 93
Soviet Aeroplane Construction, 231
Steamship and Aeroplane Services Reduce Time Between London and Los Angeles and Buenos Aires, 245
Swedish Government and Purchase of "Bristol" Aeroplanes and Supercharged Engines, 39
Wreck of U.S. Navy's "K. 1," 517
AFFORESTATION of Great Britain During 1930, 119
Agricultural Machinery Purchased by Russia from America, Statistics, 379
Agricultural Machinery Testing Committee's Report, 169
Air Chamber Saves Life in Flooded Pipe Tunnel, 169
Aluminium Alloy, M.V. "C," 310
Aluminium Company of America Starts New Laboratory, 625
Aluminium, Pig, Discharged at Manchester, for Rolling into Street at Banbury, 491
An Ingenious Tool, Utilisation of Fragments of Hacksaw Blades, 637
Anti-gas Services, R.E., Reunion, 231
"Arcograph" for Electric Welding, Chart Named, 221
Asphalt Mixture for Pipe Joints, 11

ASSOCIATIONS, INSTITUTIONS & SOCIETIES:

ASSOCIATION, BRITISH ENGINEERS':
Mr. William Reavell Re-elected President, 514

ASSOCIATION, BRITISH WOOD PRESERVING:
Issue of Association's First *Journal*, 240
Wood Preserving Exhibit for British Association Meeting, 295

ASSOCIATION, BRITISH STEELWORKS:
Appointment of Officers, 517

ASSOCIATION, BRITISH WORKS MANAGEMENT:
Mr. G. Hurford on Confidence at Home and Abroad, 323

ASSOCIATION, FARADAY HOUSE OLD STUDENTS':
Annual Dinner, 475

ASSOCIATION, INCORPORATED, OF ARCHITECTS AND SURVEYORS:
Transport Systems, G. B. J. Athoe, 11

ASSOCIATION, LANCASHIRE AND CHESHIRE COAL RESEARCH:
New Laboratory at Park-street, Manchester, 169

ASSOCIATION, PUBLIC LIGHTING ENGINEERS':
Programme of Eighth Annual Meeting and Conference at Edinburgh, 221

ASSOCIATION, RAILWAY REFORM:
Formation by Railway Stockholders, 119

ASSOCIATION, TESTING MATERIALS, INTERNATIONAL:
Congress at Zürich, 127

ASSOCIATIONS, INSTITUTIONS & SOCIETIES (*continued*):

ASSOCIATION FOR COMMERCIAL EDUCATION, BRITISH:
International Congress in London, July, 1932, 245

ASSOCIATION OF ENGINEERS, MANCHESTER:
Comparative Study of Some Properties of Pig Irons, J. E. Hurst, 553

ASSOCIATION OF ENGINEERS, MANCHESTER:
Oil Engines *versus* Petrol Engines on Motor Lorries, Mr. E. P. Paxman on, 597

ASSOCIATION OF MINING ENGINEERS:
To be Formed in Southern Rhodesia, 323

INSTITUTE, CITY AND GUILDS OF LONDON:
Appointment of Fellows, 158

INSTITUTE OF ENGINEERS, NATAL:
Help of Future Engineers, 93

INSTITUTE, IRON AND STEEL:
Council, Additional Members, Viscount Ednam and Robert S. Hilton, 37
Geheimrat Professor Fritz Wüst Elected an Honorary Member, 37

INSTITUTE OF MARINE ENGINEERS:
Members Examined by Board of Trade, 119
Annual Examination for Student Graduateship, 323

INSTITUTE OF METALS:
Autumn Meeting at Zürich, 273

INSTITUTE, SIR JOHN CASS TECHNICAL:
Opening of Metallurgical Department Session, 1931–32, 277

INSTITUTION OF AUTOMOBILE ENGINEERS:
Annual Dinner, 553

INSTITUTION OF CHEMICAL ENGINEERS:
Postponement of Joint Meeting with American Institute of Chemical Engineers, 659

ASSOCIATIONS, INSTITUTIONS & SOCIETIE (*continued*) :

INSTITUTION OF CIVIL ENGINEERS :
Council Awards for Session 1930–31, 529

INSTITUTION, JUNIOR, OF ENGINEERS :
Dr. S. L. Pearce, the New President, 363

INSTITUTION OF ELECTRICAL ENGINEERS :
I.E.E. Regulations for Electrical Equipment of Buildings, 11
Award of Coopers Hill War Memorial Prize and Medal to Dr. M. G. Say, 677
Award of Ferranti Scholarship, 1931, by the Council, 363
Awards of Scholarships for 1931, 184
Ballot Result for Council Vacancies, 108
Electrical Equipment of Buildings, Regulations, Additional Clause to Paragraph 69, 463
Modern Electrical and Electro-medical Subjects Required for Paper to be Read, 677
Summer Meeting in London, 39

INSTITUTION OF ENGINEERS AND SHIPBUILDERS IN SCOTLAND :
"Transactions" Decision, 351

INSTITUTION OF GAS ENGINEERS :
Autumn Research Conference, 491

INSTITUTION OF HEATING AND VENTILATING ENGINEERS :
Proposed "Controlled Weather House," 169

INSTITUTION OF MECHANICAL ENGINEERS :
Awards for Papers Read Before Graduates' Sections, 503

INSTITUTION OF MECHANICAL ENGINEERS : NORTH-WESTERN BRANCH :
Some Problems in Aerodynamic Research, Professor R. V. Southwell, 393

INSTITUTION OF NAVAL ARCHITECTS :
Awards of Scholarship and Prize, 258
Scholarships Awarded, 108
Scholarships Offered for Session 1932, 583

INSTITUTION OF WELDING ENGINEERS :
Competition Paper, Welding and Cutting on Railways and Tramways, 101

SOCIETY, AMERICAN, FOR TESTING MATERIALS :
New Work Contains Forty-two Tentative Standards, 545

SOCIETY, ENGINEERING GOLFING :
Autumn Meeting Programme, 277 ; Results, 393

SOCIETY, ROYAL AERONAUTICAL :
"Wilbur Wright" Memorial Lecture, 129

SOCIETY, WHITWORTH :
Summer Meeting at Sheffield, 75

SOCIETY OF ARTS, ROYAL :
Report of Competition of Industrial Designs, 143

SOCIETY OF CHEMICAL INDUSTRY :
Oil as Fuel for Ships, E H. Smythe, 93
Fuel Questions to be Discussed at Joint Meeting, 26
Special Number of *Journal* for Jubilee Celebrations, 79

SOCIETY, OXFORD NOISE ABATEMENT :
Formation of Association, 409

SOCIETY, ROYAL METAL TRADES' PENSION AND BENEVOLENT :
Eighty-third Anniversary Festival Dinner, 363

AUDITORIUM in Winnipeg, Civil, Formal Approval for Construction, 651
Automobile Completed at Min-Sen Factory, First Native-manufactured, 119
Awards of Royal Commission on Awards to Inventors, 409

B

BAND Saw Coiling, Art of, 647
Bathroom Geyser Operated Automatically by Turning Hot Water Tap, 195
Batterium Metal, Anti-corrosive Alloy, 39
Beauharnois Power Canal, Undertaking, Progress, 597
Benzine from Natural Gas, Experimental Plant Installed at Calgary for Extracting, 119
Bismuth, Magnetic Properties of, 221
Blancometer, Instrument for Degree of Whiteness being Measured or Compared, 517
Bloemfontein, Street Lighting of, 379
Boiler Factory at Kraljevica, Yarrow and Co., Ltd., Glasgow, Interested, 677
Boilers, Inspection of, New Regulation, 651
Bone, Mr. W. L., Death of, 597
Boots and Attendants on Automatic Machines, Placing Boots in Fullers' Earth to Withdraw Oil, 517
Bremen Lock Now Open, 597
Bremerhaven Lock and Inner Harbour Opened, 169

BRIDGES :
Bally Bridge, Calcutta, Last Main Girder Placed in Position, 119
Bascule Bridge at Boston, U.S.A., 571
Bridge Across Umlaas Drift, near Durban, Natal, Proposed, 93
Bridge Between Cross Point and Campbellton, Quebec, Proposed, 119
Bridge Between Hawkesbury, Ontario, and Grenville, Quebec, Officially Opened, 541
Bridge-building Programme of Quebec Government, 269
Bridge Built on Foundations Supported by Steel Piles on Santa Clara River, California, 67
Bridge Contract Placed with Japan by Bengal-Nagpur Railway Company, 221
Bridge Over River Hull Opened, 169

BRIDGES (*continued*) :
Bridge Over River Riachuelo, Proposed, 269
Bridge Over South Saskatchewan River at Saskatoon, 625
Bridge Over Washington Canal, Seattle, nearing Completion, Cantilever, 119
British Builders Gain Contract for Steel Bridge Over Tigris at Mosul City, 625
Carter Bridge, Lagos, Opened, 463
Concrete Bridge Over Jhore Teesta River, 625
Danube Bridge Completed, 625
Date of Opening of Sydney Harbour Bridge, 437
Fraser River Bridge Completed, Lillooet has Direct Train Service, 221
High-level Railway Bridge in Toledo, Plate Girders of 154ft. Span Placed in Position in One Operation, 409, 545
Hudson River Bridges in New York District to Have Clearance of 200ft. at Centre of Span, 11
Humber Bridge Scheme May be Postponed, 295
Humber Bridge Bill Not to be Proceeded with, 351
Noyyal River Bridge, Steel and Reinforced Concrete Deck, 625
St. Paul's Bridge Scheme Abandoned, 677
Tower Bridge, Number of Times Opened for Shipping in 1930 Shows Decrease, 169
Tower Bridge, Statistics of Opening for Passage of Vessels, 517

BRISTOL University, Prospectus for Faculty of Engineering, 54
British Glass Industry, Exhibition at Science Museum, 409
British Manufacturers' Contracts with U.S.S.R., 463
British Standards Institution, Mr. C. le Maistre to Visit New Zealand, Australia, and Canada, 463
Building, Extension to Seventeen-storey, Results of Tenders for Steel Structure, 93
Bullock Carts Replacing Motor Cars in Madras, 602
Bungalows Built Throughout in Copper, 295

C

CALCIUM Chloride, Production at Ribstone, Alberta, 143
Canadian Construction Firms Invited to Tender for Pelotas Harbour Works, 245
Canadian Mineral Oils Production in 1930, 67
Canal Across Nicaragua, Proposed, 195
Canal Development by Grand Union Canal Company, 119
Canners' Machinery, Mather and Platt, Ltd., New Industry, 503,
Car Parking by Cradles and Endless Chains, 351
Cartridges for Sporting Rifles of High Muzzle Velocities, Experiments with, 571
Cavitation of Large Turbine Runners, 625
Cellophane to be Manufactured in Quebec, 119
Cement and Powdered Glass Roads Tested in Czechoslovakia, 625
Central Heating in New Zealand, 545
Central Heating Plant to be Installed at Toronto, 655
Chemical Engineering Plant Manufacture in Russia, 119
Chimney of 510ft. at Copper Cliff Smelter in Ontario, 39
Chimney Stack 510ft. High at Copper Cliff Smelting Works, Ontario, 93
China Clay Shipping at St. Austell, 517

COAL, COKE AND COLLIERIES :
Barnsley Seam, Report by Physical and Chemical Survey of National Coal Resources, 143
Bituminous Coal Congress, Third International, 195
Bituminous Coal, Tests of Plants for Low-temperature Carbonisation of, 437
Coal and Metal Industries, Graduated Wages and Bonuses at Riga, Latvia, 351
Coal Carbonisation from Coal in Sydney District, Canada, 437
Coal Consumption on American Railways, 245
Coal Deposits on Chiawan Coalfield to be Worked with Electrical Machinery, 67
Coal Deposits Discovered in Zingu River Region in Brazil, 169
Coal Distillation Plant at Dunston-on-Tyne to be Closed, 245
Coal Mine Statistics for North-Western Branch, 545
Coalowners' Conference on Coal Export Trade of Europe, 323
Coal Seam Struck near Beamish, Durham, 437
Coal Seams of Alberta and British Columbia, Classification of, 195
Coal Suitable for Locomotives Discovered near Aliabad Teheran Railway, Persia, 169
Coke, Use of, 651
Colliery at Bowsan, Cinderford, Forest of Dean, to be Reopened, 677
Experiments in Blending of Coals, 119
Ignition of Fire-damp by Coal-mining Explosives, 245
Ignition of Fire-damp by Heat of Impact of Coal-cutter Picks Against Rock, M. J. Burgess and R. V. Wheeler, 119
International Congress on Bituminous Coal, Provisional Programme, 295
Labour Difficulties in Makum Coalfield of India, 93
Lignite, By-products Obtained from, Tests Conducted in Saskatchewan, 677
Lignite Carbonisation Plant in New Zealand Coalfield at Waikato, 295
Main Haulage Road of William Pit at Whitehaven to have Longest and Thickest Rope Installed in England, 245
Northern Coke Research Committee, Annual Report of, 93
Resumption of Operation of Mines of Hanyehping Iron and Coal Mines, 67
Safety in Mines Research Board, Subject Index Published, 463
Signalling Systems for Shaft Mines, Improved, 11
Spontaneous Electrification in Coal Dust Clouds, 177
"Two Hundred Years in the Coal Trade," "Charringtons," 132

COATING of Insides of Water Tanks, Tests of Paints and Compounds for, 498
"Come to Ulster" Campaign, Industrial Firms Desired, 491
Concrete Aggregates, Heating when Mixing Experiments, 437
Concrete and Use of Coke as Aggregate, 625
Concrete in Cold Countries, Laying of, 221
Concrete Road Maintenance in Hull, 458
Condenser of 608 Tons Weight for Hudson-avenue Station, 463
Condensers for Battersea Power Station, Largest ever Made in England, 323
Conduit Cleaning by Means of 7ft. Diameter Wooden Ball or "Sewer Pill" on Birmingham Tame and Rea District Drainage Works, 39
Copper Consignment Arrives at Lobito Bay from Katanga over Benguela Railway, 169
Copper Ore at N'Changa Proves Rich Strike, 195
Copper Refinery at Quebec Opened, 93
Copper Harder than Structural Steel Produced by Heat-treatment at Montana School of Mines, 39
Corrosion Prevented by Wrapping Steel Pipes with Cement, 597
Corrosion of Copper Pipes After Water Supply was Treated, 119
Cost of Digging Wellington-street Tunnel, Montreal, Increased, 491
Cotton Growing in Central Asia, 651
Cotton Mill in Shanghai to be Established by Group of Industrialists, 295
Cotton Seed Meal to be Made into Nutriment Fit for Human Consumption, 67
Cranes for Durban Harbour, Natal, 545
Crank Shafts in Cast Steel, 169
Creosoting of Timber and Poles at St. Lambert, Quebec, Plant for, 269
Critical Stress for Concrete in Compression and Tension, 409
Cuban Highway, 500 Miles Long, Completed by Canadian Firm, 597
Current Official Statistics, Guide to, 38
Cyanimide to be Manufactured at Duginot, near Split, Yugo-Slavia, 39

D

DAM, Fixed, at Montgomery Island in Ohio River, 491
Danish Printing Firm Purchase Printing Press from London Firm, 625
Diatomite Production in Ontario, 390
Desulphurisation of Cast Iron by Means of Soda Ash, 195
Director of Fuel Research, Mr. F. S. Sinnatt Appointed, 677
Dorman Long Scholarships, Details of the Awards, 234
Douglas Fir, Qualities of Home-grown, 437
Dredging "Fairy Flats" at Mouth of Yangtze River, Proposed, 651
Durability of Plywood, Experiments on, 463
Durban and its Marine and General Industries Greatly Improved, 11
Dynamiting on Owens River Aqueduct, 545

E

EDMONTON and Street Car Systems, Contracts for Material, 463

ELECTRICAL MATTERS :
Alloys for Electrical Purposes, 491
Aluminium Paint on Transmission Poles, Question of, 625
Austrian Government's Economy Measure Delays Orders for Electrification Plant for State Railways, 295
Bradford Electricity Department's Results, 491
Carbon Circuit Breakers for Electrical Purposes, 93
Congress of Electrical Engineers in South America to be Held at Buenos Aires, 169
Conference on Electric Supply in Rural Areas, 105
Congrès International D'Electricité de 1932, to be Held in Paris, 529
Copper for Transmission and Distribution of Electric Current, Record for 1930, 39
Cost of Electrification in Yorkshire, 351
Electric Power Stations in Canada, Increase of 10 Per Cent. of, 11
Electric Shock and Fat People, Effect, 11
Electric Supply Plant at Canton, China, 437
Electric Voting Apparatus Installed at French Chamber, 39
Electrical Engineers and Politics, 469
Electrical Equipment for South African Iron and Steel Corporation's New Plant, 29
Electrical Fuses Made from Alloys of Lead and Thallium, 67
Electrical Machinery Imports into Holland, Statistics, 269
Electrical Research Buildings in McGill University, 545
Electrical Trade of Australia, 379
Electrically Operated Refrigerators, French Developments on, 295
Electricity and Culture of Seeds, 383
Electricity Commissioners' Official Returns, Units of Electricity Generated by Authorised Undertakers, 195
Electricity Generated by Authorised Undertakings, Statistics, 142, 524
Electricity Generated during June, 1930, and June, 1931, Return of, 93
Electricity Supplied to Mining Industry in Canada, 93
Electricity Supply Extensions of Barrow-in-Furness, 221
Electricity Supply in Madras, 463
Electricity Supply in Manchester, 571
Electricity Supply of Darjeeling, 597
Electricity Supply of Graaf-Reinet, South Africa, 195
Electricity Used for Heating and Power Purposes at Watford Baths, 437
Electrification of Mills and Factories in Madras, 571
Floating Power Station for Bangermasin, Dutch East Indies, 195

ELECTRICAL MATTERS (*continued*) :
Four Electrical Apparatus Factories Erected in Toronto by United States Firms, 39
Fuse Wire Supplied by Electricity Companies, 379
Fuses or Circuit Breakers ? 571
Generating Electricity by Means of Wind Rotors, 517
High-voltage Underground Cables, Dr. M. G. Say, 677
International Electrical Congress to be Held in Paris, 1932, 11
Interruption of Circuit in Plain Break Circuit Breakers, 409
Lackawanna Suburban Electrification, 597
Lord Vernon to Supply Village of Sudbury with Electricity, 463
Low Resistances for Measurement of Large Currents, Value of, 379
Madras Electricity Supply, 625
Modern Electricity Plant for Kroonstad, South Africa, 625
Modern Wiring Systems and Accessories, Mr. F. C. Raphael, 571
Nelson River would Produce Over 1,000,000 Horse-power if Fully Developed, 11
Power Station at Slave Falls to be Opened in September, 143, 231, 245
Power Station for Working Tin Mines in Malacca Peninsula now Completed, 379
Power Station Uses Peat for Fuel, Shatura, 269
Pressure Produced on Blowing Electric Fuse Links, Research on, 93
Progress of Electricity Schemes in South Africa, 437
Rural Electrification Work in Bedford, Hire and Hire Purchase Schemes Assist, 351
Slave Falls Power Plant, Estimated Cost of Generating and Delivering Current, 437
Synchronous Condenser for Crawford-avenue Station, 400-Ton, 463
Testing Plant of 200,000 Volts Completed by Oerlikon Company for Swiss Firm, 67
Transmission Poles, Painting or Staining of, 379
Turbo-alternator at Port Elizabeth Commissioned, Parsons 12,500-kW, 195
Turbo-alternator for Pretoria Town Council, 12,500-kW Parsons, 220
Turbo-generator Sets for Rotterdam, Metro-Vickers, 463
Turbo-generators for Brooklyn Edison Company, 625
Underground Electric Cables and Protection from Lightning, 351
University of Sheffield, Proposal to Appoint Professor of Electrical Engineering, 158
Water Heaters Exhibited at Electricity Showrooms of Cardiff Corporation, 93
Yorkshire Electric Power Company, Map Publicity, 677

ENGINE, Oil, Experiments by R. A. Lister and Co., Ltd., 221
Engine, Oil, Non-stop Run of Two Months, Harland and Wolff, Ltd., 491
Engine, Steam, of 1879 Still Working in Rangoon, Marshall Portable, 491
Engineers' German Circle, 596
Elephant Transport in India being Replaced by Motor Transport, 677
Empire State Building, New York, Details of Lift Working, 323
Engraving on Bakelite Sheets, 207
Erith Works of Vickers-Armstrongs, Ltd., Transfer of Work from, 195
Evaporation of White Nile Waters, Loss by, 119

EXHIBITIONS :
Anti-Waste, 529
British Chemical Plant, International Visitors to, 143
British Empire Industries Exhibition at Vancouver, 1936, Suggested, 245
British Industries Fair, 1932, Applications for Space in London, 351
British Industries Fair Buildings at Castle Bromwich to be Extended for 1932 Exhibition, 67
British Industries Fair, 1932, Exhibition of 60ft. Wide Road, 625
British Industries Fair, Extension of Birmingham Section, 245
British Industries Fair, German State Railways Give Reduction to Trade Buyers, 323
British Industries Fair, 1932, Publicity Campaign with Countries Overseas, 221
Canadian Trade Exhibition Cruise to West Indies, s.s. "New Northland," 677
Chemical Plant Apparatus Exhibition at Paris Proposed in 1932, 323
Exhibition of Development of Ships at Science Museum, 169
International Engineering and Railway Exhibition to be Held by Chiao-tung University, 437
International Foundry Exhibition and Congress at Milan, 89
Leipsig Autumn Fair to be Opened August 30th, 1931, 39
Exhibition, Machine Tool, Postponement of Exhibition until 1934, 307

South Australian Railways Reorganisation, 409

Southern Railway:

Advertising in Press, Cost of, 418
Borough Market Junction Reconstruction, 625
Buffer Stop Collision at London Bridge, Report, 651
Death of Sir William Hart Dyke, 39
Dock Extensions at Southampton, 625
Electric Trains to Brighton, 545
Hastings New Station Opened, 67
Improvements on Line Between Tonbridge and Hastings, 93
Jointless Cable for Merstham Quarry Tunnel, 351
Locomotives to be Renumbered, 119
Proposed Dock at Dover, 604
Southampton Docks Extensions, 597
Southampton West Station Extensions, 625
s.s. "Versailles" Disabled, 625
Tank Wagons for Conveying Milk, Road and Rail, 409
Timekeeping of Passenger and Goods Trains, Steam and Electric, 221

State Railways of India, Receipts of, 169
Steel Cars Replacing Wooden Cars on Continent, 143
Steel for Railway Coaches, Use of, 119
Steel Sleepers on Great Western Railway, 625
Tayport Railway Accident Recalled, 571
Timetable, The Twenty-four-hour, 119
Track Widening on G.E. Section, 625
Train Ferry Service Between Harwich and Calais Now Operating, 491
Travellers on Trans-Siberian Railway Require Chinese *Visa*, 269

RAILWAY AND ROAD MATTERS (*continued*):

Underground Railways:

"Bakerloo" Line Extension to Camberwell Green, Bill for, 93
Camberwell Green Station, Proposed, 143
Elephant and Castle Improvements, Not a Government Grant, 379
Extension of Baker-street and Waterloo Railway from Elephant and Castle to Camberwell Green, Bill Reaches and Passes Committee Stage, 379
Opening of Sections on Metropolitan and Metropolitan District Railways, 39
Provisional Dates of Opening of Extensions on Piccadilly Tube, 597
Underground Railway Traffic, 39
Winter Train Service, 269

RAIN Gauge Readings in India, 379
Reafforestation Scheme for British Columbia, 67
Red Pier at Douglas, I.O.M., Extensions to, 625
Refining Crude Oil into Benzine and Other Products, Factory in New Zealand for, 221
Refuse Fuel for Power Production at Tea Factory in India, 597
Reinforcing Foundations of New Old South Church, Boston, America, 491
Rhenium, Properties of, 169
Riddle, Portable Mechanical Stone Ballast, 463
River Cuyahoga to be Widened to Take 600ft. Ore Ships, 119
Road Construction with Iron Tiles at Accrington, 545
Rayon, Manufacture of, 221
Road Signs, Uniformity of, 295
Roofing with Galvanised Sheets, 11

Sewer, Flow on 60in. Reinforced Concrete, 677
Sewerage Scheme for Droitwich, 359

SHIPS AND SHIPPING MATTERS:

"Aquitania" and Her Recent Voyages, 571
Board of Trade Returns of Vessels Entering United Kingdom Ports During September, 543
British Trade Ship "British Exhibitor," Address of Organisers, 293
Canadian Coastguard Cutter "Adversus," Launched at Orilla, Ontario, 491
Commercial Vessels Passing Through Panama Canal for Year Exceed 5000, 143
Cunard Liner and Services of Engineering Firms, 195
Cunard Liner "Carmania" to be Scrapped, 221, 545
Danish Vessel "Europa" Berths at Newcastle Quayside, 597
Diving Tests from Italian Vessel "Titano," 323
Dredgers in Federated Malay States, Number of Bucket, 143
Economy Committee in Shipping Industry, 625
Electrical Equipment of Ships, Service for Inspection, Maintenance and Repair of, 597
Ferry Service Between Lymington and Isle of Wight, Proposed, 677
Germany's Mercantile Tonnage "Laid Up," 651
H.M.S. "Falmouth," Keel Laid Down at Devonport Dockyard, 269
Halifax to be Winter Call of Canadian Pacific Steamers, 545
Hydrographic Survey Steamer for Canadian Government, 6
Italian Steamship Lines, Proposed Merger, 289
Launch of Submarine "Swordfish" at Chatham, 517
Launch of 30,000-ton Twin-screw Steam Transatlantic Liner "Manhatten," 625
"Lusitania," Proposed Exploration of, 596
Navigation of Ships in Fog, 517
P. and O. Turbo Electrically Propelled Liner "Strathnaver" Leaves Barrow for Trials, 245
Port of London, Vessels Using, 221
Shallow-draught Steam Tanker "Maracay," Harland and Wolff, Ltd., 3
Ship Canal at Nicaragua, Proposal to Construct, 249
Ship Lift on Hohenzollern Canal, 517
Shipping of China Clay at St. Austell, Cornwall, 517
Ships Making First Passage Through Suez Canal During 1930, 143
Submarine "Nautilus" to End Career by Sinking in North Sea, 351
Suez Canal Company and Maximum Volume of Bunkers Allowed to Ships in Ballast, 169
Swedish Vessels "Laid Up," 409
Tonnage of Vessels Arriving in United Kingdom During August, 1931, 379
U.S.N. Aircraft Carriers May be Used for Commercial Transatlantic Service, 437
United States Battleship "New Mexico" to have Turbo-electric Drive Replaced by Steam Turbines, 119

SHOT-FIRING Accidents in Germany, 409
Silica, 291
Silver Soldering, Care in, 677
Slag Wool for Insulation from Canada, 379
Slide Rule for Sheet Metal, Edwards', 424
Sludge Digestion System at Saltley, 677
"Smoke Abatement Handbook," 417
Soya Beans, Successful Growing in Ontario, 491
Star Named H.D. 698 Most Massive Yet Discovered, 221
Status of Qualified Engineer, 491
Stench-gas Injector at Frood Mine, Ontario, 295
Stephens, Lieut.-Colonel H. T., Death of, 491
Stereoscopic Projection for Cinemas, Dr. R. T. A. Innes', 323
Stirling, Mr. Matthew, Death of, 409
Stoke-on-Trent Technical College, Extension, 651
Street Accidents in London, Reduction of, 437
Strength of Wooden Columns Built up of Boards Nailed Together, 269
Sugar Beet in Southern Alberta, 491
Sulphur Deposit Working in Turkey, 245
Sulphuric Acid Works at Everett, Mass., 39
Swansea's Electricity and Main Drainage Schemes, 269
Swiss Post Office Introduces Handcarts of Steel Tubing with Aluminium Panels, 143

T

TANNIN added to Boiler Feed Water, 437
Tantalum Carbide, Research on, 597

TELEGRAPHY AND TELEPHONY:

Automatic Public Telephone Exchange at Tucuman, Argentina, 516
Automatic Telephone Exchange on Exhibition Ship "British Exhibitor," 179
Automatic Timing of Trunk Telephone Calls in G.P.O., 169
Birmingham Automatic Telephone Exchange Extensions, 195
Bradford Historical Pageant to be Directed by Telephone, 39
Growth of Telephones in the World During 1930, 39
International Telephone Calls During June, 1931, 517
Number of Post Office Telephones in Great Britain and Ireland, 295
Picture Telegraphy Service Between Italy and United States, 463
Proposed Telephone Service Between London and Moscow, 379
Submarine Telegraph Cable Between Marseilles and Tunisia, 295
Telephone Circuit Established Between Yallourn Generating Station and Melbourne, 350
Telephone Communication Between British and Continental Subscribers, Use of "Personal" Call System, 221
Telephone Construction and Extensions in Italy, 295
Telephone Conversation Recorded on Magnetic Steel Wire for Future Reference, 39
Telephone System of Britain, Lord Wolmer's Comments on, 545
Telephones per 100 People Throughout Different Countries, 39
Time Signals to New York Telephone Subscribers, 169
Teleprinter Exchange Service in New Year by Post Office, 571

TESTING of Concrete Paving Slabs at National Physical Laboratory, 67
"The Canadian Industrial Field," Publication of, 143
Thermo-couples, 625
Thomas, Mr. J. H., and National Union of Railwaymen, 245
Thornycroft Six-wheelers and Trailers Replace Elephant Transport in India, 677
Tidal Energy from Tresillian River, Cornwall, Proposed, 323
Tidal Energy on River Fal, Proposed Scheme for, 269
Timber Research at Forests Products Research Laboratory, 268
Tin Deposits of Katanga, Congo, to be Developed, 39
Titaniferous Sand Discovered near Mariupol in Ukraine, 571
Titanium White Production in the Urals, 119
Toronto Trams to Run Underground Beneath Yonge-street, 295
Totalisator, Ericsson Mechanical, 323
Trade Facilities by Britain in Yugoslavia, 132
Traffic Census Results on Durham County Roads, 625
Traffic Signals in Oxford-street, Increase in Speed, 379
"Traffic Signs" Committee Appointed, 651
Trepanning Work on Tail Shaft of Marine Set at Vickers Works, 571
Trunk Line Motor Roads in Italy, 351
Tubes, Seamless Steel, Plant Erected in Welland, Ontario, for Production, 119
Tubes for Superheaters, Calorised Low-carbon Steel, 245
Tubes of Water-tube Boiler Cause Mishap Through Pulling-out of Steam Drum from Shortness of Water, 221
Tunnel at Halkyn, North Wales, Rapid Progress Creates Record, 295
Tunnel Between Dartford and Purfleet, Report on Proposed, 245
Tunnel Saves 10 Miles on Trail on Glacier National Park, 545
Tunnelling in Strong Rock, Method to Blast and Let *Débris* Fall Direct into Conveyor Skip, 143
Tunnels, Discharge of Water from Unlined, 169
Tunnels to be Constructed under Nachine Canal, Montreal, 119
Typewriter Manufacturing in Toronto, 677

U

UNDERGROUND Wires for Ottawa in Future, 597
University College, London, Awards in Faculty of Engineering, 108

V

VALVE Factory to be Erected near Montreal, 119
Vocational Education, Sir Francis Goodenough on, 338
Vulcan Foundry Company's Centenary of Locomotive Building, Commemorative Volume of History, 132

W

WAKEFIELD Corporation Replace Tramways with Motor Omnibuses, 269
Wall Boards from Wininpeg, 545

WATER AND WATER SUPPLY:
Electrolytic Purification of Water, Type of Cell for, 295
Metropolitan Water Board, Proposed Developments, 169
Rand Water Supply Further Increased, 195
Water Power Industry in Canada, 677
Water Supply for Detroit, 244
Water Supply for Moose Jaw, 119
Water Supply for Quebec from Covered Reservoir on Plains of Abraham Battlefield, 331
Water Supply Scheme for St. Asaph, 597
Water Supply to Mysore State by Boreholes, 597
Waterwheels of the World, Capacity of, 221

WELDING:
Arc Welding Prize Competition, Conditions of, 231
Electric Welding, Detection of Defective Welds, 625
Welded Containers for Conveyance of Gases under High Pressures, 578
Welding of Bells Prevents Melting Down When Cracked, 67
Welding of Hadfield Manganese Steel, 195
Welding of Reinforcement Bars for Concrete Leaves, 651
WHALING Expeditions to Antarctic Cancelled, 195
White Lead Factory in South India to be Extended, 169
White Pine, Drying Rate of, 143
Whitworth Senior Scholarship Won by Mr. J. L. Thomson, 143

WIRELESS:
Radio Receiving System in Waldorf-Astoria Hotel, New York, 515

WIRELESS (*continued*):
Radio Station at Maracay, Venezuela, Proposed, 269
Radio Station at Saxonburg, Pa., 571
Reproduction of Tones of Human Voice and Other Sounds on Screens, Apparatus for, 67
Television Broadcasting in America, Popularity of, 351
Television in United States, 93
Ultra Short Wave Service Between Honolulu and Surrounding Islands, 409
Wireless Beacon Station for Rangoon, 143
Wireless Communication Between New York and Mukden, 39
Wireless Communications in Solitary North-West Territories of Canada, 677
Wireless Service Between Britain and China, 169
Wireless Telephone Message to Lord Mayor of London from Lord Mayor of Sydney to Attend Opening of Sydney Harbour Bridge, 571
WINDOW Washing in United States Buildings, 382
Wire Cables for Testing Purposes, Method of Socketting Stranded, 143
Wood Piles for Wharves at Portland, Maine, 221
Wood Research Laboratory for Madison, Wis., 409
Works Management, National Conference on Details of Programme, 351

Z

"ZEPPELIN on Wheels" Covers 160 Miles Between Hamburg and Spandau in 96 Min., 11
Zinc Mine and Plant Closed Down at Broken Hill, South Africa, 93
Zinc Oxide Manufacture Revived in Cornwall, 351
Zirconia the Most Refractory Oxide Known, 39

PRINTED FOR THE PROPRIETORS BY GEORGE REVELL, LIMITED, AT 10 AND 12, ROSEBERY AVENUE, LONDON, AND PUBLISHED BY ARTHUR RONALD VAUGHAN AT THE ENGINEER OFFICE, 28, ESSEX STREET, STRAND, IN THE PARISH OF ST. CLEMENT DANES, IN THE COUNTY OF MIDDLESEX.—FRIDAY, JANUARY 15, 1932.
